

# Faris Machinery Rental Guide

# A Message from Brad Elliott, CEO & Owner

**For over 70 years**, Faris Machinery has built its reputation on a simple belief: our customers & employees are the foundation of our success. We're committed to making "superior product support" more than just a phrase, its our promise.

**Our People Listen.** Many have worked in your industry & understand your challenges. We are dedicated to finding the best solutions for your needs.

**Our Manufacturers** are world-class leaders in their market segments: Asphalt, Concrete, Solid Waste, Environmental, Job Site, & Municipal markets. We deliver unmatched expertise, parts availability, & product support.

**Our Mechanics** are factory-trained, certified professionals. They bring cutting edge technical knowledge to your toughest jobs, & are on call 24/7.

**Our Specialized Rental Equipment** is dependable & low-hour. It is ready to go meet your short or long-term rental needs. **We value excellence in all we do:** Sales of New & Used equipment, Rentals, Parts, & Service.

Thank you for trusting **Faris Machinery**. We're here to help you succeed.

Warm regards,

A handwritten signature in black ink that reads "Brad Elliott". The signature is written in a cursive, flowing style.

# Rental Policies

Rates quoted are for an

**8-hour day**

**40-hour week**

**160-hour month**

(based on 28 day cycle)

Hours in excess of these will be charged as follows:

**Double Shift | 1 ½ times the single shift rate**

**Triple Shift | 2 times the single shift rate**

- All Units subject to availability
- Rates do not include sales tax, SMM tax, EPA charges or insurance coverage
- Fuel charge-back rate will vary according to our fuel costs
- Rates subject to change without notice
- Operator not supplied with equipment

## Our Responsibility to you:

- To provide equipment that is new or near new, dependable & well-maintained
- To help you be more profitable on every job

## Renter is Responsible for:

- Toll Fees
- Traffic Violations
- Lubrication of required areas or components
- Filter & fluid changes at required intervals
- Return of machine with full fuel, in good condition & reasonably clean (minimum charge of \$100.00 will be assessed if the machine is returned dirty)

## DPF/REGEN Policy

If the equipment goes into a Diesel Particulate Filter build up warning situation & the operator does not initiate the automated ATS cleaning system, the equipment will begin to de-rate power & will eventually shut down. If this occurs, the equipment will have to be towed to the appropriate dealer for repairs.

**Warning:** Your company will be responsible for these costs.
